10th Annual Hotrod & Restoration Trade Show
February 29 - March 1, 2008 • Indianapolis

AERA E85 Power Shootout

The **2008 AERA E85 Power Shootout** will be held in conjunction with the 10th annual Hotrod & Restoration Trade Show — February 29 and March 1, at the Indiana Convention Center in Indianapolis.

All AERA members are invited to enter this engine dynamometer competition to showcase their ability to employ unique skill sets to maximize a prescribed formula for engine performance.

Engine performance will be measured three ways — horsepower, torque, and vacuum. E85 fuel must be used and will be provided by AERA at the show.

A detailed list of rules and application form are available at www.aera.org/e85shootout.

Six teams will be competing for top honors. The competition will start just after the show opens on February 29. The first day will be for eliminations. The top two teams will advance to the next day and a winner will be determined and announced on March 1, before the end of the show.

First: $5000 • Second: $2500 • Third: $1500

For an entry form and a complete list of rules,
call Steve Fox at 847-541-6550.
