

TECH & SKILLS REGIONAL CONFERENCES

You are invited to display at our
2024 regional conferences!

— SPONSORED BY —

Why display?

Too often at large national trade shows, many of your customers can't find the time to meet with you or they were not able to attend. AERA understands that traveling to national trade shows to gain knowledge and network can be very expensive. Therefore, your association teams up with a regional host to offer these opportunities in different parts of our country. This makes it easier for engine builders and rebuilders to attend a conference with the vendors they do business with. All AERA members as well as non-member shops from that specific region of the country will be invited. AERA and the host will be inviting all potential attendees.

AERA is inviting you to display at these conferences and hopefully you will realize the benefits of the more intimate setting.

Each vendor will be supplied a 6-ft. table to display their products and literature. If you are not able to attend personally, AERA will set out your literature for you. If someone from your factory is not able to attend, send a field sales or technical person.

AERA Associate Member Price:
\$400 INCLUDES ONE
6-FT. TABLE
Non AERA Member Price: \$600

Face-to-face contact with current and potential customers at these very reasonable rates just makes good sense.
