I AM APPLYING FOR:

ENGINE BUILDING SCHOLARSHIP

The following supporting documentation should be enclosed with the application:

1. A letter from the applicant describing their educational program in engine building or rebuilding and their career goals in the engine building/rebuilding industry.
2. A letter of recommendation from an instructor or employer who can attest to the candidate's experience and interest in the engine building/rebuilding field.
3. Information on the course to be pursued and estimated cost.

ENGINE BUILDING GRANT

Available to current AERA members and their employees only.

Grant applications must be to attend a course or seminar that will enable an AERA member or member employee to advance their knowledge or skills in the engine building/rebuilding industry.

The following supporting documentation should be enclosed with your application:

1. A letter from the AERA member employer describing how the educational program will advance their or their employee's knowledge or skills in the engine building/rebuilding industry.
2. Information on the course to be pursued, benefits to the AERA member employer, and estimated costs.
